These vehicles are made in the United States or Canada by members of the UAW and Canada's Unifor Union, formerly the Canadian Auto Workers (CAW). Because of the integration of United States and Canadian vehicle production all the vehicles listed made in Canada include significant UAW-made content and support the jobs of UAW members.

However, vehicles marked with a single asterisk (\*) are also produced in Mexico. All Cruze hatchbacks and some sedans are manufactured in Mexico. The diesel version is manufactured in the United States by UAW members. The Chevrolet Equinox is manufactured in Canada by Unifor members and also in Mexico. The light-duty and heavy-duty Chevrolet Silverado and GMC Sierra pickup trucks, marked with a double asterisk (\*\*), are manufactured in the United States and other countries. The light-duty Ram 1500, marked with a triple asterisk (\*\*\*), is manufactured in the United States and Mexico, while all heavy-duty Ram models are built in Mexico. When purchasing one of the above vehicles, it is important to check the Vehicle Identification Number (VIN), a VIN beginning with "1" or "4" or "5" identifies a U.S.-made vehicle, a "2" identifies a Canadian-made vehicle, a "3" identifies a vehicle made in Mexico.

Not all vehicles made in the United States or Canada are built by union-represented workers. Vehicles not listed here, even if produced in the United States or Canada, are not union-made. ■
