ABOUT THE FIRM

Attorney Natalie Khawam started the Whistleblower Law Firm in 2012, with the goal to provide the Tampa Bay Area with a different, and more effective, venue that caters to the client's pursuit of justice. Often times Whistleblowers are discouraged to come forth in the face of fear and potential adversities. The Whistleblower Law Firm was built on the belief that providing a safe environment, where clients know they have experienced advocacy on their side, will make every potential client feel comfortable, and compelled to be the voice of equality and fairness in the workplace, and come forward without hesitation.
